

Trinity Southern Baptist Church
Casa Grande, Arizona
Is Seeking A

Worship Leader

OUR COMMUNITY: Casa Grande is a community of about 60,000 residents located about 40 miles south of the Phoenix metropolitan area at the junction of Interstates 10 & 8. Like many central Arizona communities, Casa Grande has experienced significant growth, and has been able to maintain a good balance between industrial, commercial, and residential development. Our close proximity to the major metropolitan areas of Phoenix and Tucson provides easy access to the advantages of other big cities (including professional sports, diverse cuisine, and great shopping). At the same time, Casa Grande has been able to maintain a small-town feel, and the area continues to reflect its agricultural roots.

OUR CHURCH: Trinity Southern Baptist Church was founded over 60 years ago and has a very visible presence on a main city street. We are unapologetically a Southern Baptist Church. The ministry of Trinity remains relevant in a community of continuing change. We believe a solid foundation has been established to grow and minister effectively in the coming years. Our current attendance between two Sunday morning worship services averages about 220 (due to Covid-19, currently we have one service without our choir). We strive to maintain vibrant ministries for all ages, and to be a relevant and welcoming church family. Our current staff consists of our Senior Pastor, a part-time staff minister, two secretaries, an interim worship leader, and a custodian. Pastor Phil Calvert has been at Trinity for over eight years, having previously served as an IMB missionary in Ecuador and Peru, and as a college and seminary professor.

OUR POSITION: Our part-time Worship Leader position has been vacant since the fall, and lay leadership has stepped up to minister in the interim. Though music/worship is the primary focus of this position, all staff members must maintain flexibility in order to support other ministries as well. A servant's heart is also a must.

We expect to call an individual based on the music/worship focus, but will evaluate giftedness, skills and interests to establish one or more additional areas of major responsibility (working with our youth, and/or managing our website and social media presence, for example). We have a blended music style in worship.

Our ideal Worship Leader will have these characteristics:

- Integrity, honesty, and transparency
- Doctrinally sound theology; agreement with Baptist Faith & Message 2000
- Strong leader with engaging “platform presence”
- Team player with a commitment to local church health
- A good voice; ability to play one or more instruments is a plus
- Ability to lead choral music with choirs of all age groups
- Ability and willingness to creatively engage members and guests through a biblically-centered worship experience

The compensation package will be negotiated based on education and experience.

If you think you might be a good fit at Trinity and want to explore what God might be able to do in and through this ministry, send your resume to:
