A little bit about our church and community:

Sun City, AZ is about 30 minutes northwest of Phoenix. We are an active senior citizen, age 55 and over, community. Our church has an average age of maybe 75-80 years. Presently during this COVID-19 pandemic our church is averaging about 175 in attendance on Sundays. We have two services each Sunday morning and we have no PM service on Sunday night, at present time. When this COVID-19 is over and done with, it is possible that we will go back to one Worship Service on Sunday morning and Sunday School prior to the Worship Service. We also have bible study with prayer time on Wednesday afternoon at 4:00 PM.
