

Trinity Southern Baptist Church
Casa Grande, Arizona
Is Seeking A
Worship Leader

OUR COMMUNITY: Casa Grande is a community of roughly 60,000 residents located about 40 miles south of the Phoenix metropolitan area at the junction of Interstates 10 & 8. Casa Grande is currently experiencing significant growth and has been able to maintain a good balance between industrial, commercial, and residential development. Our proximity to Phoenix and Tucson provides easy access to the advantages of a big city life (including professional sports). At the same time, Casa Grande has a small-town feel.

OUR CHURCH: Trinity Southern Baptist Church was founded over 60 years ago and has a very visible presence on a main city street. We are unapologetically a Southern Baptist church. The ministry of Trinity remains relevant in a community and body of continuing change. The past year of COVID has been challenging to all churches and Trinity is no exception. We were online only for a period of time and are just now emerging from in-person worship limitations. Our pre-COVID attendance between two Sunday morning worship services averaged about 200. We strive to maintain vibrant ministries for all ages, and to be a relevant and welcoming church family. Our current staff consists of our Senior Pastor, a part-time staff minister, and a Church Secretary. Senior Pastor Phil Calvert has been at Trinity for about 9 years.

OUR POSITION: Our Worship Minister position has been vacant since last fall and able lay leadership has stepped up to minister in the interim. Though music/worship is the main focus of this position, our new staff member must be willing to do whatever it takes to address our needs at any given time, so flexibility and a servant's heart are musts. We expect to call an individual based on the music/worship focus, but evaluate giftedness, skills, and interests to establish one or more additional areas of major responsibility (working with our youth, and/or managing our website and social media presence, for example). We have a blended music style in worship. Our ideal Worship Minister will have these characteristics:

- Integrity, honesty, transparency
- Doctrinally sound theology; agreement with the Baptist Faith & Message
- A strong leader with strong "platform presence"
- Team player with a commitment to local church health
- A good voice; ability to play one or more instruments is a plus.
- Ability to lead choral music with choirs of all age groups.

The compensation package will be negotiated based on education and experience and can include church-provided housing.

If you think you might be a good fit at Trinity and want to explore what God might be able to do in us and through us together, send your resume package to:
